

**GABION WALLS
AUSTRALIA**

DATASHEET

5mm Galvanised 50x50

	Result
Type	Welded Wire Mesh
Mesh Pattern	Bi-axial grid
Mesh Size	50 x 50mm (centre to centre)
Finish	Galvanised (zinc)
Wire Diameter	5 mm
Wire Diameter Tolerance	+/- 0.05 mm
Tensile Strength (Average)	562 MPa

Tensile strength shall be in the range of 415-585 N/mm².

Elongation is not less than 10%

Gabions shall be provided with bracing wire and helical spirals for site assembly.
